The residential of your dreams.

Peace, tranquillity and the finest facilities

on your doorstep'

SOTOGRA[®]DE
ANDALUCÍA

Welcome to
Village Verde
Sotogrande

Extraordinary homes in a stunning setting,
in the heart of Sotogrande.

Developing
Sotogrande since
1962

Since its inception, Sotogrande S.A. has been the creator and developer of Spain's largest and first private master plan urbanisation. Through ambitious, innovative projects and developments, we are committed to making Sotogrande relevant in the 21st Century and beyond.

Village Verde is Sotogrande's latest project of a series of distinctive developments and real estate urbanisations created to offer contemporary community living in this exclusive and celebrated destination. Alongside our real estate projects, we are introducing a wide range of hospitality, leisure and sports amenities to complement Sotogrande's quality of life based on discretion and privacy.

Sotogrande Marina.
Offering a wide variety
of restaurants and shops
along the 1,300-berth
full service marina.

Capturing the elite. Slim Aarons' "Poolside in Sotogrande"

The American society photographer Slim Aarons was famous for his pictures of the rich and famous at play. His 'poolside' shots of 1975 capture a unique glimpse of Sotogrande society, with sun-tanned bodies lazing by crystal-blue pools surrounded by clipped jade green lawns.

World class golf

There are three 18-hole golf courses in Sotogrande, designed by leading golf course architects Cabell B. Robinson, Robert Trent Jones and Dave Thomas include the La Reserva Club, home of the La Reserva de Sotogrande Invitational hosted by Annika Sorenstam and Valderrama - host to the European Tour's Volvo Masters and the 1997 Ryder Cup, and ranked Europe's number 1 course since the 1980s.

Polo in Sotogrande

Another first for this storied destination! Polo has been synonymous with Sotogrande, and it is now widely recognised as one of the foremost polo clubs in the world with the annual Santa Maria Polo tournament hosted every summer without interruption since 1965.

A diverse gastronomic landscape celebrating Andalusia and beyond to satisfy every taste.

Home of famous regattas like the Hobie Cat-16 World Championship, J 80 World and National Championships, the dynamic RC 44 challenge, Atlantic Gate Rally and GC-32 Racing Tour.

Within easy reach from Europe

Sotogrande is perfectly positioned in one of the most sought-after enclaves of the Andalusian coast and easily reachable from all of Europe's capital cities and beyond. Sotogrande offers unparalleled opportunities to come for a short stay or longer.

Village Verde

Sotogrande

An exclusive luxury residential of contemporary apartments and penthouses in a tranquil parkland, surrounded by pines and cork oak trees, setting in the heart of Sotogrande. Designed for modern living, including state of the art facilities.

Enjoy the ultimate lifestyle in southern Spain at Village Verde, within easy reach of Marbella and Gibraltar.

Parkland living

A green and pleasant land is what you will find at Village Verde. Lush countryside, woodland and parkland surrounds you on this 6 hectare site with pedestrian and cycling trails among cork trees, specially designed to make the most of the great year-round climate.

La Reserva,
Sotogrande's
last district

Vision

Village Verde is our interpretation of the perfect village environment. We're combining exquisite properties, surrounded by lush, green countryside and a wide array of amenities to create an ideal residential here in Sotogrande.

With the beautifully designed and detailed apartments and penthouses set within a green, lush parkland. Residents connect with nature, while having everything they need on their doorstep.

Verde means green in Spanish and this reflects both its countryside setting and its commitment to being an environmentally friendly project. It is being built using sustainable construction methods and will have BREEAM certification.

BREEAM is a certificate of sustainability delivered when a real estate development adheres to standards that respect the environment and its natural resources ensuring a balanced way of life for its residents.

The ultimate lifestyle in a stunning setting – this is Village Verde!

Eco-friendly homes

BREEAM, an acronym for Building Research Establishment Environmental Assessment Method, is a globally recognised sustainability certificate. Village Verde has been assessed in different areas, such as water management, energy, transport, health and well-being of its residents, among others. One of the advantages of obtaining the BREEAM certificate is that the buildings become more valuable and sustainable assets: the immediate environment plays a fundamental role in the sustainability and quality of life of its inhabitants. For this reason, we have taken measures to minimise the impact on the large specimen trees, adapting the design of the residential complex and implementing a compensation plan with native species, seeking to preserve and improve the natural environment and contribute to the conservation of the surroundings and the wellbeing of the community.

Our eco-friendly properties flood the interiors with light thanks to large windows and sliding doors. In addition, penthouses enjoy large roof top terraces from 55 to 357 sqm while ground floor units include their own private garden.

Maintaining and embracing the stunning natural environment around Village Verde has been key in the development. Facilities such as playgrounds, running tracks, bike trails and outdoor fitness areas, encourage residents to get out into the fresh air, enjoy nature and be active.

A heaven for family living

Comfortable and healthy living is what families will find at Village Verde as we have designed a residential to meet the needs of every member of the family.

This traffic-free, secure and gated residential offers space, nature and facilities for the whole family. There will be two main swimming pools and two children's pools with a sandy bottom and a 25 m. pool for adults, indoor pool with spa and gym, several play areas, croquet court and jogging tracks.

State-of-the-art facilities, a sense of community and functional, contemporary properties, plus the prestigious international school just a few kilometres away, make Village Verde a residential development like no other.

The apartments

Our stunning one, two, three and four bedroom apartments and four and five bedroom penthouses, offer the ultimate in contemporary open-plan living. They are flooded with natural light and boast incredible terraces from which to enjoy the warm Spanish sun.

With a total living area of between 188 and 594 sqm, these generously proportioned apartments include underfloor heating and Aerotherm air-conditioning systems. The modern, sleek interiors blend seamlessly into the wonderful terraces.

The horizontal design allows stunning dual-aspect or wrap-around terraces in each property, large roof terraces on the penthouses and private gardens for ground floor properties. All properties come with 2 private garage spaces and a large storage room.
